Lr.No. APERC/JD(PPP)/DD/PPP/F.No.E-1056/D.No.396/2018, Dt.15-05-2018

Sir,

Sub:- APERC-AP Discoms proposal for procurement of 1000MW distributed Solar Power at the interconnection point of 33/11 kV substations covered in the entire State-Reg.

Ref:- 1.Lr.No.CGM/P&MM,IPC/APSPDCL/DE2/F1000MW/D.No.746/18,
dt.27-03-2018.
2.Lr.No. CGM(P,&MM&IPC)/APSPDCL/F./ D.No.38/18, dt.25-04-2018.
3.Lr.No.APERC/JD(PPP)/DD(PPP)/FNo.E.301(C)/D.No.326/dt.20-4-18

With reference to your letter 1st cited above, wherein it was requested to grant permission to APSPDCL to initiate the tender process for procurement of 1000MW distributed Solar Power at the interconnection point of 33/11 kV substations covered in the entire State and upon careful examination of the proposal, the following may be noted:

- (i) In the entire proposal vide letter dated 27-03-2018 cited at '1' above, it is regretted that the justification for need for power purchase is conspicuously missing and it appears as though without regard to any need for power purchase, the plants are being sought to be established, which is not in the interest of the State, if plants are established indiscriminately without first establishing the need for power.
- (ii) The present proposal is not factored into the load forecast and power procurement plans for the third control period. It can be reasonably expected that the projects under the proposed bid can only be grounded

some time during the 4th control period (FY2019-20 to FY2023-24). Therefore, unless and until the need for power for this 1000MW distributed Solar Power at the interconnection point of 33/11 kV Substations covering the entire State is first established in terms of the Resource Plan, Load Forecast, Power Procurement Plan and Distribution Plan (Capital Investment Plan) and State Electricity Plan for 4th control period, no further action can be taken on the proposal of AP Discoms. The question of approving deviations proposed in the model RfS document vide your letter 2nd cited, does not, therefore, arise.

2. For the reasons stated as above, I am directed to return the proposal sent vide letters cited at '1' and '2' above, for taking further necessary action as deemed fit while submitting Resource Plan, Load Forecast, Power Procurement Plan and Distribution Plan (Capital Investment Plan) for the 4th control period (FY2019-20 to 2023-24) and filing of Transmission Resource Plan and State Electricity Plan for the 4th Control Period (FY2019-20 to FY2023-24), for which time extension is granted upto 30-06-2018 vide letter 3rd cited.

Yours faithfully,

15.5.2018

Secretary (i/c)
